

Shoreline Stabilization

Several of prior listed fisheries/lake management consultants, dredgers, and complete ecological consultants provide shoreline stabilization service or design and contract out this service.

Oden Enterprises
1110 North Spruce Street
Wahoo, NE 68066
1-800-950-6336 or 402-443-4502
(also culvert liners, precast decks, and metal sheet pilings)

Pond/Lake Sealing

Bentonite is normally applied to exposed bottom; the seal will likely be lost if bottom becomes exposed again.

CETCO (Gail Buckley)
Lining Technologies Division
2870 Forbes Avenue
Hoffman Estates, IL 60192
1-800-527-9948 or 847-851-1800
(bentomat and claymax liners - burlap sandwiched with bentonite)

Nebraska Pump (Jack or Matt)
3026 North 35th Street
Lincoln, NE 68504
402-466-1477
(source of fine-granular bentonite)

Reimers - Kaufman (customer sales desk)
6200 Cornhusker Highway
Lincoln, NE 68507
402-434-1842
(source of granular and powder bentonite)

Seepage Control, Inc. (Shawn D. Walstad)
115 South Weber Drive, Suite 2
Chandler, AZ 85226
1-800-214-9640 or 480-763-1180
(liquid product - can be applied to empty or full pond/lake; can cause fish kills especially if over applied during water application)

Flowing Water Filter System

21st Century Technologies (Chad Schneider)
220594 East Highway 92,
Gering, NE 69341
308-436-5123 or 308-436-5529
(bubble screen water filter system for various delivery - irrigation, ponds, etc.)
